The underlying universe of Equity funds used for the above rankings, in addition to PACRA ranked funds, includes the twenty-eight Funds. The First Capital Mutual Fund ranked 2-Star. Total return of the Fund in 1-year is ~ -22.51%. In the end Jun'22, Fund's generate income by investing ~15.77% in Debt & Money Market securities and to generate capital appreciation by investing ~81.64% in equity and equity related securities. Sector wise Fund invest in Commercial Banks ~15.52% and ~31.72% in others whereas ~9.84% in Oil & Gas Exploration Companies.

The Mutual Fund Performance Ranking (Star Ranking) aims to distinguish funds based on their relative actual performance within a category of similar funds. In measuring performance, PACRA considers absolute monthly return and its variance measured through downside deviation. The ranking is a pure quantitative measure based on historical returns of a fund relative to other funds, and does not take into account other factors including fund management capability of the asset manager and the quality of risk management systems, controls and processes. Hence, the rankings do not provide any assurance as to future returns of a fund.
